OFFICE OF THE UNDER SECRETARY

1 JUL 1963

MEMORANDUM FOR THE CHAIRMAN, USIB

SUBJECT: ARGON Priority

- References:
- a. Memorandum for Chairman, USIB from DNRO, same subject, dated 19 June 63
 - b. USIB-D-41.15/8 (COMOR-D-48/32), dated 24 June 63
 - c. Memorandum for DNRO from Chairman, USIB, same subject, dated 27 June 63

The technical problems that I referred to in the first paragraph of my memorandum to you of 19 June (reference a.) have caused further slippage in the July and succeeding months launch schedules. The impact of no CORONA type (M or J) mission before the last of July has compelled me to direct that the R-7, 13 July 63, standby CORONA be launched as a regular CORONA mission on 16 July 63.

In making this decision, I was aware of the Board's recommendation of 27 June (reference c.) that the 13 July R-7 vehicle be launched with an ARGON payload. I feel, however, that the information regarding the CORONA type launch capabilities on which the Board based its decision has altered sufficiently to make this action necessary. Alternatively, I have scheduled an ARGON mission for October with instructions to advance its launch date to earliest part of month feasible.
